Skills

React.js, Redux, JavaScript, HTML5, CSS3, Ruby on Rails, jQuery, SQL, PostgreSQL, AWS, MongoDB, Node.js, Git

Projects

DisArray (React/Redux, Ruby on Rails, PostgreSQL, HTML5, CSS3, Heroku)

[live site](#) | [github](#)

Inspired by Discord, a popular messaging app

- Leveraged Rails' Action Cable and Redis to manage websocket connections for live chat functionality, allowing users to communicate in real time
- Implemented server and channel creation utilizing RESTful APIs to handle multiple CRUD operations, giving users the ability to customize their UI/UX and enhance the overall user experience
- Utilized Amazon Web Services for faster lookup on user uploaded background images
- Developed a single-page app using client-side routing with React Router, eliminating the need for page refreshes to create a seamless navigation experience

Harmony-Music (JavaScript, React/Redux, MongoDB, socket.IO, CSS3, Node, Express, Webpack)

[live site](#) | [github](#)

Interactive app that allows users to create music solo or with friends

- Designed and implemented a database schema with MongoDB as Backend Lead to manage user information as well as music information
- Incorporated Git workflow protocols and collaborated with a team of 3 software developers
- Connected socket.IO with React/Redux to enable users to interact with other users, allowing chat functionality, music visualization, and music creation in real time

Logos (JavaScript, HTML, CSS, Canvas, Heroku)

Guess the missing word - bible verses

- Built a game using Object-Oriented programming where user guesses the missing word

Experience

Full Stack Engineer Apprentice | Tonight, September 2020-November 2020

- Design landing page for business portal using Javascript, HTML, and CSS
- Collaborate with backend engineers on database schema using MongoDB

Laboratory Technician | University of Southern California, August 2018 - November 2018

- Performed next-generation and Sanger sequencing, viral RNA extraction for a NIH-funded project

Teacher (STEM) | C2 Education, Los Angeles, July 2018 - November 2018

English as a Second Language Teacher | Brittain College, Peru, May 2018 - June 2018

Staff Research Associate | University of California, Los Angeles, October 2017 - May 2018

- Tested for therapeutic compounds for stem cell regeneration and analyzed data using Stata and GraphPad

General Chemistry TA | University of Southern California, June 2016 - August 2016, June 2018 - August 2018

Shadow & Intern | Los Angeles Cardiology Associates - Good Samaritan Hospital, August 2015 - January 2016

- Observed cardiology surgeries, maintained clinical database, and surveyed patients for research

Education

App Academy | Spring 2020 | San Francisco, CA

1000-hour immersive full-stack web development intensive with <3% acceptance rate

University of California, Berkeley | B.A. in Molecular and Cell Biology - Immunology | 2011-2015
